FEE AND COSTS

Article 5

5.1. EC may only claim from the Partner the Transaction Fee referred to in Art. 5.2. and only to the extent to which the Partner independently determines through the option of dividing the Transaction Fee between the Buyer and the Partner in the Platform interface, and potentially the Bank Fee in case of payment of less than the Minimum amount from Art. 2.1 of this Contract.

The said Buyer Network Fee does not belong to the Parties of this Contract nor may they affect it, and is borne by the Buyer and the Buyer may adjust it in its digital wallet and is therefore familiar with it.

5.5. The Parties hereby determine that for each transaction EC charges the Buyer a transaction execution fee by the blockchain system, separately from the Buyer Network Fee, which is an integral part of the total cryptocurrency amount that the Buyer sends to EC at the direction of the Paycek system (hereinafter: the “EC Network Fee”). The said EC Network Fee belongs to EC and is borne by the Buyer. If the technical possibilities allow, EC shall indicate the EC Network Fee to the Buyer separately for each transaction, in order to ensure that the Buyer is fully acquainted with the said fee.

The Partner may view the Referral Bonus in its Platform user account, and the payment of this amount shall be made without a special request of the Partner at the time of processing the New Client transaction, which represents the maturity of the Referral Bonus in the fiduciary currency selected by the Partner in its Platform user interface, and to which the Partner hereby expressly agrees.

If any proceedings are initiated against EC on any of the above or related grounds, the Partner undertakes by signing this Contract to intervene in the proceedings in the legal position of the intervener on EC's side, i.e. to enter into proceedings as a defendant, all at the invitation of EC or the competent court and all in accordance with the applicable regulations. If EC loses in this dispute and becomes obliged to pay the request and/or claim of the plaintiff on any legal basis, including all costs and interest, the Partner is obliged to reimburse EC without delay the amount paid, and all other related costs incurred by EC in connection with such a dispute (for example, the costs of representation by a lawyer, material costs, etc.).

6.5. The Parties hereby determine that EC does not assume any liability for the use, implementation, functionality, or any damage arising from the use of third party software solutions which would be used directly or indirectly in relation to the Paycek Service, its functionalities or connection to other Partner or third party systems.
